

NIDHEESHLAL E D

NETWORK ADMINISTRATOR

Results-oriented Network Administrator with over 9 years of hands-on experience in designing, implementing, and maintaining secure and high-performance network infrastructures across multi-branch organizations. Specialized in configuring and managing a wide range of networking equipment, including switches (Cisco, Aruba, HP, Ruijie), firewalls (Fortinet 200E, 60F, 60E), and wireless platforms (Aruba Central, Ruijie APs). Skilled in VPN setup, network security, disaster recovery, and system monitoring using tools like PRTG. Adept at reducing downtime, enhancing security protocols, and delivering reliable IT support. Certified in CCNA, with a strong commitment to leveraging technology to ensure operational continuity and scalability.
